Revolver Scores

Torrance police and revolver club scores for the week ending May 11, 1947.

.38 CAL. POLICE COURSE		
Name	Strings	Average
E. Ashton	4	275.50
L. Berry	3	271.00
J. Miller	4	241.50

.22 CAL. POLICE COURSE		
High Slow Fire	Ashton	97
High Time Fire	Ashton	96
High Rapid Fire	Ashton	97
High Individual Score	Ashton	258

.22 CAL. POLICE COURSE		
E. Ashton	3	256.66
G. Sitton	4	272.50
J. Grier	3	260.00
W. Williams	1	259.00
C. Gilbert	6	255.00

.22 CAL. STATISTICS		
High Slow Fire	Sitton	100
High Time Fire	Ashton	98
High Rapid Fire	Ashton	98
High Individual Score	Ashton	291

.45 CAL. POLICE COURSE		
L. Berry	1	273

THREE LANE DEATHTRAPS		
High Slow Fire	Sitton	100
High Time Fire	Ashton	98
High Rapid Fire	Ashton	98
High Individual Score	Ashton	291

Three lane high ways can prove to be veritable deathtraps. Engineers planned these high ways to permit passing. But when careless motorists swing out to pass without keeping a watchful eye on oncoming traffic, passing in the third lane can have results never planned by the engineers.

Completion Of 200 New Homes During Summer Contemplated

New home development programs in Torrance will provide in excess of 200 new homes completed and occupied by the opening of the new school year in September, according to estimates made this week.

Largest of new home building programs is that of Seaside Ranchos, in Southwest Torrance near Hollywood Riviera. There some 140 homes are under construction and they are being completed and sold at such a rapid rate that Ben Haggott, developer, estimates 100 will be occupied by Sept. 15. The children of occupants will become the problem of newly-formed Torrance City School district.

Another large development which actually is under way is that of Kettler Knolls, directed by John Kettler. Rough field work and grading now is under way and laying out of streets and lots will start in the next few weeks. It is estimated that some 50 homes will have been completed and occupied on the tract by the opening of the new school year. The tract is located on Sepulveda Blvd. between Narbonne ave. and Cabrillo ave.

O. E. Goodwin is completing 40 new homes in the area east of Hawthorne Blvd. and south of 101 highway.

Inasmuch as most of the units involved in these tracts will be sold and occupied by early September, it is said that they will mean an increase in the school population of the areas involved of nearly 400 students.

Several score of homes are being completed in other sections of the city by individuals who are not operating on mass development plans.

ELECTION OF MAYOR

Popular elections of mayors were not generally adopted in the United States until the 1820's, according to the Encyclopedia Britannica. In colonial days, the mayor was usually appointed by the provincial or colonial governor.

Dunaway Makes Statement On J.C. Campaign

Jordan E. Dunaway, candidate for trustee of El Camino College district, yesterday issued the following statement:

"Our interest in seeking a place on the Junior College Board is in the youth of our college district. We are pioneer community builders with over 21 years of youth work in our community. If elected, we will apply our talents to the building of a junior college free from any political or individual cliques and not to the job of perpetuating ourselves in office.

"We believe in the very best of supervision, and the selection of the best instructors that it is possible to obtain. The taxpayer must be considered at all times. We must confess, however, that we put the youth first in all things, yesterday, today and ever after. Vote for whom you please at our school election on May 16, but please do vote."

All Officers Of Doak Aircraft Co. Are Reelected

All officers and six directors of the Doak Aircraft Company, Inc., were reelected yesterday at the annual stockholders meeting in the company's plant at Torrance.

Re-elected were: Edmond R. Doak, president and chairman of the board; James B. Ford, Nelson E. Grace, Stephen F. Hinchliffe and E. E. Rosier, vice presidents, and Reed H. Parkin, secretary-treasurer.

Retained on the Board of Directors were Doak, Grace, Hinchliffe, Parkin, Windsor O. Crow and Leonard Comery. Andrew M. Peterson was elected to replace Donald M. Palmer.

BOWLING NEWS

EVA "TOOTS" YARBROUGH

Things are really popping here in Torrance Bowl. Ten Leagues got under way for the summer season this week and we are sporting two new telescopes with a promise of the other two in the near future.

The Ladies Matinee league has created a lot of interest among the gals, and several of them have rolled that cherished 200 game for the first time. Ginger Dupont earned a 200 pin with 208, Florence Derham with 201, Elinor Magnison 206 and Mary Myers 219. Although 200 games aren't new to them, Betty Melo earned a pin with 200 and Laurretta Spellman with 204.

Jimmy Vaughan breezed in from Chicago last week to roll in the A. B. C. Tournament, and is still capable of giving those maples a bad time. More than likely he gets a lot of inspiration from his very attractive wife, whom we met for the first time. Welcome to Torrance, Mr. and Mrs. Vaughan.

Friday night is getting to be an all-night session around here. The Swing Shift league starts at 1:30 a.m., and after league a large number of "night owls" greet the Saturday sun with bowling balls in their hands—still going full swing.

Plans are brewing for six of our Torrance boys to travel to Vallejo to take a crack at the top spot in the California State tournament. Torrance placed second last year by a mere twelve pins, and bets are being made that they'll bring home the bacon this year.

L.A. Policemen Raid Torrance Park Sunday

Vic Penny's Los Angeles Police team will raid Torrance park this coming Sunday afternoon in an attempt to bring Art Swartz' hard hitting diamonders to a sudden halt.

The red hot "coppers" last Sunday trounced the Rosabelle Plumbers by a 3-1 score at Pasadena, and promise the local squad one of their toughest games of the season.

The lawmen include some outstanding lads in their line-up, such as: Fred Cochrane, formerly of Hollywood, Art Shively of Cleveland, Jim Jewell of Portland, Cliff Ograin of L. A., Ken Brondell of the Giants, Bill Sanchez of Fort Worth, and Mel Horner of the Seals.

Long Bob White, Torrance first-sacker, will have lots of company up there in the ozone Sunday, as the invaders have a really tall bunch of spikemen. Penny's hurling staff averages 6'3 1/2" and the team averages 6'1 1/2".

The probable line-ups: TORRANCE: L. A. POLICE: Red Davis, ss; R. Fredericks, cf; Fred Cochrane, cf; Ray Viers, 2b; Gene Sullivan, 3b; Ed Harrison, rf; Art Shively, 2b; Bob White, 3b; Bob Kennedy, lf; Joe Steh, 3b; Jim Jewell, 1b; Tommy Gustin, if; Cliff Ograin, rf; Bob McManara, ss; Dave Atroy, c; Art Swartz, c; Ken Brondell, p; Arch Campbell, p; Bill Sanchez, p; Fred Harris, p; Mel Horner, p.

The police lads yesterday afternoon also spanked the Southern California Trojan nine by a close score of 3-2.

PIGEON NEWS

Pigeons were among the early foreign correspondents. According to the Encyclopedia Britannica they were used extensively as messengers during the French Revolution of 1848. The messages were then printed in the French and Belgian newspapers.

GIVE IDENTIFICATION

Veterans writings to the Veterans Administration should identify themselves by signing their full names, service serial numbers, and C-Numbers. Full identification will speed answers and expedite their cases.

Let's Talk Sense About Food Prices

In all the talk about lower prices, don't forget this:

Day in and day out, no retailer does a better job of keeping prices down than your food merchant. No food merchant does a better job than A&P.

We would like you to understand two important things about A&P's price situation:

Our net profit during the past five years has averaged only about 1 cent on each dollar of sales. If we were to operate our business without any profit at all, this 1 cent would amount to a saving of less than 4 cents a day on the entire food bill of the average American family.

We sincerely believe that A&P has the lowest cost of distribution of any retail business in the world. When you spend \$1.00 in an A&P store, you get 86 cents worth of food and only about 14 cents goes to meet all expenses — wages, taxes, rent, light, heat and the hundreds of other expenses incidental to the stocking and operating of a modern food store — including our very small profit.

Obviously there is little "fat" in such a price structure. Our operating costs and profits are already cut close to the bone.

Merchants generally have reduced prices on many items on which they were overstocked. In recent weeks we have reduced prices on hundreds of such items. That is common merchandising practice and has no relation to a general or permanent price reduction.

While many food prices have already been lowered we must recognize that no substantial general reduction in retail food prices is possible until the cost of food to the retailer is reduced.

As any housewife knows, A&P's business has been built on the policy of selling quality food at the lowest practical price every day.

We pledge to our customers strict adherence to that policy. We will continue to lower our prices as fast as reductions in costs to us and economies in our operations permit.

A&P FOOD STORES

LET US HELP YOU with Your PAINT Problems

We Feature the "FINE OLD COLONY LINE"
